About Wabah

Wabah Food and Services was founded in 2015, is a diversified company that produces high-quality food and provides livestock marketing and management services. It offers a wide range of food ingredients, food service equipment and supplies, with a focus on satisfying our valued customers of restaurants, retail groceries, supermarkets, hospitals, organizations and producing high-quality delicious food and cater for many occasions and events - from weddings, businesses to Schools across the Benadir region of Somalia.

Farm

We have an organic produce farm dedicated to producing the highest quality product for our customers. Following strict organic growing methods, we have been producing a wide variety of vegetables and fruits. We offer hotels, restaurants, organizations, as well as wholesale and retail.

Our Organic Produce does not contain any genetically modified organism. It is non-GMO. We take care of the soil where our produce will grow. Our Produce is grown without using harmful chemicals, pesticides or synthetic fertilizers. So, you know you are eating real food that was sowed, planted, grown, and harvested naturally.

Greenhouse

We have a strong advantage of greenhouse farming as it enables us to effectively manage and reduce the risks caused by unfavorable weather conditions. Concretely, our greenhouse cultivation improves growing conditions and protects crops from extreme weather events. In addition, it extends the growing season or even allows us to grow crops outside the usual season.

Our products

Cucumber

Eggplant

Spinach

Carrot

Big Tomato

Watermelon

Mango

Potatoes

Peppers

Livestock

We have a broad base of livestock experience and expertise including purebred and commercial cattle, shoats (Sheep & Goat) production, feedlot management, and commercial cattle order buying involving many breeds of beef cattle in the areas of production and marketing.

Import and Export

We offer complete import and export services for livestock products including live cattle and frozen meats. All the products we market meet the high health standards and regulations as outlined by the Somali Food Inspection Agency, which is of the highest recognized standards in the world. Government-approved quarantine and health testing services are available for cattle as well as other livestock species.

Our projects

Qurbani

Since 2019 our company has been running a unique Qurbani project whereby we perform Qurbani in Somalia on behalf of Turkish Red Crescent, Human Appeal and other partners. We deliver the Qurbani meats to the targeted beneficiaries. The project has touched almost every corner of the country, especially people from different cities like Mogadishu, Bosaso, Galkaio and Baladweyn. The Qurbani is performed in some of most modern slaughterhouses in Somalia and is supervised by Government and supervisors from our partners.

Event Management

We cater for weddings, corporate events and schools. All our dishes are created using locally sourced fresh ingredients, we believe it is important to support the community we serve to thrive, so our success is their success! We hire local chefs' who demonstrate a unique ability to cook amazing food, we call them our culinary heroes because it's them who prepare dishes with the highest degree of skills which keeps our customers coming back for more.

We always aim to deliver outstanding service and the high standards our customers have come to expect from us, this is achieved by employing a highly talented team with great culinary and hospitality skills. We perfected ourselves in creating an artistic, elegant, memorable yet practical spread of dishes to be relished by both the eye and the palate. A gastronomical experience. We settle only for the best. With great values, all our menus are of our pride.

Our Vision

To set the gold standard for the food industry with the creation of innovative, progressive, and inspired business ideas realized through food ingredients, merchandising, and processing applications.

Our Objective

To deliver profitable, outstanding business results, and to be recognized as the best in the business.

Our Purpose
